## ABOUT ME

As a self motivated and passionate individual with a strong interest in web development, I am excited to pursue a career in the tech industry. Although I am new to the field, I have been honing my skills in coding and web design through and full stack boot camp, self study, and personal projects. I am very eager to apply my knowledge and creativity to real world projects.

## SKILLS

- Technical proficiency
- Problem solving
- Communication
- Adaptability and flexibility
- Attention to detail
- Collaboration and teamwork
- Customer service skills
- Continuous learning
